

Dear All.

Greetings from **Thiagarajar College of Engineering, Madura, T.N. 625 015.**

**Sub: Thiagarajar College of Engineering, MaduraiFacilitates to Request Certificate Genuineness Verification Online**

We are pleased to update that **Thiagarajar College of Engineering** has launched [www.tce.directverify.in](http://www.tce.directverify.in) an Online System to facilitate easier and faster verification of degrees / marks sheets etc.

As the employment market has been rampaged with fake degrees / mark sheets, our college has always taken pioneering steps towards this problem. While we have received requests from Embassies, organizations, agencies worldwide and verification requests are being addressed in a focused manner, an opportunity exists to speed up the processes, given the rise in the number of frauds and in turn the need for verifications.

We are embracing enhanced web 2.0 technologies to make verification processes global, and to address verifications in a more focused manner, with the use of technology. Verification requests can now be made only online through [www.tce.directverify.in](http://www.tce.directverify.in) that enables payment through net banking, credit cards and debit cards. Here onwards college will not accept verification request through courier, e-mail, phone calls or fax " Verification Transaction requests numbers are created to allow the institute to track and follow verification requests for early closure.

As the new enhanced process is ready for use, we requests all Educational institutions, Employers and Corporate Organizations who have recruited **Thiagarajar College of Engineering** Students to start using the Online certificate Verification Tool.

We request to contact our Online Certificate Verification **Technical Query Team** at 9094929292 / 9094616161 / support@myeasydocs.com for more details.

Thanking You,

Controller Of Examinations
