MINUTES OF THE MEETING

Name of the meeting: Board of Studies meeting of Department of Civil Engineering M.Tech Environmental Engineering

Date of the meeting: 3.12.2016

Time: 12.00 noon

Duration: 2 hours

Venue: Computer Lab of Civil Engineering Dept.

Points to be discussed:

1. Scrutinize and passing of the syllabi for new elective course - Indoor Air Pollution,
2. Scrutinize and passing of the syllabi for new elective course - Environmental Geotechnology
3. Scrutinize and passing of the syllabi for new elective course - Environmental Sustainable Development

Sl. No.	Points discussed	Action plan	Responsibility	Target date
1	The course outcomes and mapping of CO to PO to be revisited for all the courses presented for discussion	The course outcomes for all the courses were discussed and board suggested to revise with blooms taxonomy process verbs	All course designers	14.12.2016
2	Indoor Air Pollution The content shall include indoor air pollution control equipments such as air purifier and their concepts	Suggestions will be incorporated	Dr.T.Vel Rajan and Mr. V. Ravi Sankar	14.12.2016

3	Environmental Geotechnology 1. The content of Soil mechanics shall be reduced to only introduction of basics 2. The title shall be changed to Bio-degradation and Bio-remediation techniques which shall be handled by Environmental Engineering staff. 3. The concept of containment of pollution movement by lining materials such as HDPE, LDPE and Geo-membranes along with the leachate management shall be included.	Suggestions will be incorporated	Dr.T.Vel Rajan and Mr. V. Ravi Sankar	14.12.2016
4	Environmental Sustainable Development In-depth coverage of syllabus is required than in Sustainable Development of General electives	Suggestions will be incorporated	Dr.T.Vel Rajan and Mr. V. Ravi Sankar	14.12.2016

Prepared by *D. Srinivas* Date *15/12/2016*

Approved by *M. Srinivas* Date *15.12.2016*
