## Report of Inaugural function

### WOMEN EMPOWERMENT

"SHE IS CLOTHED IN STRENGTH AND DIGNITY AND SHE LAUGHED WITHOUT FEAR OF THE FUTURE" went a wavy thought. This she portrays nothing but a WOMAN. This would better suit the dignitaries of the inaugural function of Women Development Cell (WDC), Bimla Chandrasekaran (founder and director of EKTA, Madurai) and Mrs. Manjoo Sree (the founder - International life transformation coach lifcolicious, Madurai).

"There is no tool more effective than the empowerment of woman." The speeches of guest of honour and the chief guest made the crowd go impetus.

Mrs. Bimla Chandrasekaran, the chief guest started her speech with a prudential question - "Is the statistics of women achievers increasing or decreasing?" There were either of the answers but the thing was the sector which we consider into mattered a lot. She said in early centuries there were only about 3000 women participants in Women Conference held at Beijing but that later increased to about 40,000 in numbers. She took great pride and privilege in being one among those women participants. The mesmerizing quote she told us was "We (women) neither want to go front leading men nor want to come back following them. Only thing expected was, we want men to come beside us". She powered within us the Equality of Gender.

Mrs. Manjoo Sree (guest of honour) had a great taste to music where she sang us the "Margazhipoove song" which sounded honey sweet in her voice. She appreciated everyone with a heart of savour. She conveyed a beautiful message through a story, where "A balloon seller had different colours of balloons and he filled helium gas and made them fly high when the business went down. This was his tactics. Noting this, a small boy asked him if he did the same thing in a black colour balloon would it fly? The seller smiled and replied "It was not the colour of the balloon that made it fly, it was the STUFF inside made it to fly." Thus, BEAUTY OF WOMEN DON'T MATTER IT'S ONLY THE STUFF INSIDE US CAN MAKE US ACHIEVE MORE GROWING OUT IN FLYING COLOURS !!! The golden words proved the spirit of WOMEN POWER! Above all, "A women dream has never got an expiry date ... DREAM HIGH, BATTLE THROUGH STRUGGLES, WIN THROUGH

"A strong woman understands that the gifts such as logic, decisiveness and strength are just as feminine as intuition and emotional connections." Dr. Helen D. Christina, assistant professor in Shri Meenakshi Govt Arts College for women, stands up for these words! She gave an inspirational speech on empowerment of women. Though she dealt on a simple topic of making ourselves aware and being able to take decisions instantly, it was really an effective means of communication. She listed certain criteria by which a woman can become empowered. Out of all the qualities listed, self respect, saying NO comfortably, gently, yet firmly were eye openers. By her provoking speech she conveyed the fact that, women empowerment isn't about making a woman strong. It's about changing the way the world perceives things. Every woman has to develop the courage to raise voice against every odd that's happening. She wonderfully quoted the point that one is free to have physical, emotional, mental, social kind of activities but **EVERYTHING WITHIN THE BOUNDARIES !!...** A woman with a voice is, by definition a strong woman. She quoted many real life incidents in which women are false driven and are becoming victims of inevitable situation. She was declamatory in her speech, stating that how assertive should a woman be and about the

freedom and happiness the woman should be getting. She explained a fruitful life that a women should actually deserve but in contradiction to that statement she pathetically revealed how a woman's situation is becoming fatal ! With a mind blowing motivation and creating a drive in every women she concluded her speech wishing every woman in the world to be Empowered !!
